

Campus Tour Information

If you would like to take a tour of the Nature's Classroom Institute facility, please contact the office at (262) 363-6820.

Tours are generally 15 minutes. You will be shown a dormitory, the dinning area, and the gymnasium. Please note that we do not assign dormitories or set activity schedules prior to a school's visit, but your tour guide will be happy to answer any other questions you may have.

Tours can be scheduled between 9 a.m. and 3 p.m. on Tuesday through Thursday during the school year. Visitors must make arrangements through the office prior to arriving on site.

Please follow the signs to the office and park in the Sycamores Building parking lot. Simply enter the front doors to find the reception desk. Please remember that all visitors must be accompanied by a member of the Nature's Classroom Institute staff throughout the entirety of their tour, as we will have students on site.
